CAREER OBJECTIVE

To secure employment as an engineer with a reputable company to fully utilize my skills and knowledge while making significant contribution to the company's success

SKILLS

REVIT	● ● ● ● ○	Microsoft Office	● ● ● ● ●
AutoCAD	● ● ● ● ○	Plaxis	● ● ● ● ○
NAVISWORK	● ● ● ● ○		

WORK EXPERIENCE

Student Intern

TheGoodWater Company Feb 2016 - Nov 2016

- **Showed innovation to brainstorm viable engineering product solutions** by adopting emergency response plan (ERP) strategy and corporate social responsibility (CSR) to provide social environmental engineering solutions targeted at third-world countries. This improved overall engineering product manuals of the company
- **Showed working independence with minimum supervision to improve company's exposure to its targeted market** by self-researching and testing of company's product, and also producing a company YouTube video for clients. This increased the number of clients approaching the company through the videos

NATIONAL SERVICE

11C4I

Platoon Sergeant, Army Intelligence Jul 2017 - May 2019

- **Showed leadership and continuous desire to learn** by completing of army's leadership school and MUAV (Micro Unmanned Aerial Vehicle) course overseas. In addition, contributed in my own unit's achievement of best intelligence unit in the army
